3rd Hand Support System

Upper Hand

FC3-HAND-5HD

The 3rd Hand is the help you have been looking for. It is rugged, built to last a lifetime and it is never late for work! If you ever wished you had an extra hand... here it is! The 3rd hand can brace, clamp, or provide support wherever and whenever you might need it. The Upper Hand is made specifically for installing upper cabinets when the base cabinets are not in, but has many uses.

Key Features include: 150lb load capacity, 28" to 60" extension, neoprene grip, action lever for secure pressure, fully articulating head and foot, quick release lever and microadjust the height.

Little Hand HD

Support System FC3-HAND-15.7HD

The Little Hand HD is designed to support the upper cabinets after the base cabinets have been installed. This innovative product removes all the hassle of supporting upper cabinets during the installation. The Little Hand HD comes stock with 2 large 6"x6" UniversalFEET that create a stable platform.

Key Features include: 150lb load capacity, 16.5" to 22.8" extension, neoprene grip, action lever for secure pressure, fully articulating head and foot, quick release lever and micoradjust the height.

Universal Foot

For the 3rd Hand, Little Hand, and Upper Hand

FC3-HAND-UNI

Increase the functionality of your 3rd Hand HD, Upper Hand and the Little Hand HD by using this innovative accessory. The UniversalFOOT enables you to free-stand your 3rd or Little Hand, and it can be used as a "TopFOOT" for increased platform surface area. Essential for cabinet makers.

Key Features include: Free standing foot, oversized footprint, rugged and sturdy design.

3rd Hand HD Bag

Convenient Storage FC3-H-CARRYINGBAG

The 3rd Hand HD Carry Bag conveniently stores up to FOUR 3rd Hands and their accessories. Now you can keep them all in one easy to access spot.

Dollies/ Jacks

Laser Mount

Positioning Accessory FC3-H LMOUNT

For those of you who need to do many jobs, here is FastCap's latest innovation. It is called the LaserMount. The LaserMount gives you the precise functionality of Laserjamb and the unparalleled ease of the 3rd Hand HD. Our new LaserMount easily slides onto any 3rd Hand, turning it instantly into a precision laser positioning device. Combine it with our iLm-XL Laser for the ultimate leveling too.

Key Features include: 3rd Hand HD, adjustable laser support, reaches up to 12'-6" and used for exterior and interior uses.

Speed-Dollie

Mini Mover FCSPEED DOLLIE

Speed Dollie from FastCap will optimize your time. It is fast, easy and compact enough to maneuver in those tight spaces!

Key Features include: Amazing 250lb capacity, made of durable aluminum and light weight and compact.

Jack

FCJACK

The Jack makes it easy to lift base cabinets, install shims, or adjust leg levelers. Use it for the installation of heavy doors or pulling together wood flooring, then work it overtime as a spreader and heavy-duty clamp. You can't do JACK without the JACK!!!

Key Features include: Rated to lift 70lbs, up to 23" spread, up to 15.25" lift and up to 13.3" clamp.

Premium Furniture Pads

Seamless one piece construction outer layer material offers soft, yet high quality and durable protection. Construction with 1" zig zag locked stitched quilting and secured with double stitched binding, finished with square corners for firmness and neatness. Available only in blue. Available only in size 72"x80".
